

Vook Voice International

Availing Knowledge to the People

Company Profile

Vook Voice International (VVI) is a Christ-centered organization dedicated to advancing knowledge, inspiring transformation, and developing leadership skills among individuals, corporations, churches, and communities. Guided by faith and commitment to empowerment, Vook Voice International creates opportunities for knowledge sharing and personal development.

Organization Name

The name “**Vook**” originated from one source and is reinforced by another:

- i) **Valour Oasis of Knowledge (VOOK)**
- ii) **Vook** is a video book—a hybrid format that combines text, images, and narrative with video and audio, creating an engaging and interactive learning experience.

Vision

Knowledge made accessible to all

Mission

To create an inclusive platform that enables experts to share, and consumers to access, well-packaged knowledge and skills.

Core Values

- Faith-Centered: Anchored in Christian principles.
- Integrity: Honest, ethical, and transparent sharing of information
- Quality : Accurate, reliable, and well-packaged knowledge
- Access: Knowledge should be available to everyone
- Collaboration: Learning through shared expertise

The heart of the prudent acquires knowledge, And the ear of the wise seeks knowledge. Proverbs 18:15

Founder & Director

Susan Kibii is an accomplished communication consultant, counsellor, leadership expert, author, lecturer, and minister of the Gospel, with extensive experience in leadership development and personal transformation. She has dedicated her career to empowering individuals and organizations by creating platforms for knowledge sharing, training, and skills development across corporate, academic, church, and community settings.

Susan holds a master's degree in leadership studies (Organizational Development), a Bachelor's degree in Journalism, a Bachelor's degree in Counselling, and Diplomas in Theology, Professional Journalism, and Community Development besides other courses. She is currently pursuing a PhD in Leadership Studies, specializing in Corporate Governance.

Over the years, Susan has authored twelve books, including works focused on women's empowerment, such as *The Woman You Are Meant to Be* and *Woman in Pieces: Restoring the Dignity of Womanhood*.

Other Team Members include

Dr Jacqueline Mutua—Kenya

Jini Kingsley (PhD Candidate) - Ghana

Mubarak Thiep (PhD Student) - South Sudan

Dr Ruth Waweru (Kenya)

Organization's Objectives

- **Create platforms for knowledge sharing:** Establish avenues for experts to share knowledge in their areas of expertise through Vook-Talks, webinars, workshops, conferences, and other interactive formats.
- **Package and disseminate knowledge:** Convert knowledge into various forms, such as publications, videos, and other media, to ensure it reaches the right audience effectively.

The heart of the prudent acquires knowledge, And the ear of the wise seeks knowledge. Proverbs 18:15

Operational Approaches

- **Webinars:** Hosting experts regularly to share knowledge in specialized areas.
- **Publishing:** Producing and distributing books, articles, and other materials to make knowledge widely accessible.
- **Conferences, Workshops, and Seminars:** Organizing events that provide in-depth learning, networking opportunities, and skill development.
- **Social Media Platforms:** Leveraging social media to share knowledge, engage with audiences, and promote events and publications.
- **Professional Institutes:** Bringing professionals together, creating learning platforms, and tailoring specific training programs to meet their needs.
- **Talk Shows:** Hosting interactive talk shows to discuss relevant topics, share insights, and engage audiences in meaningful conversations.

Membership Categories

- ⇒ Individual membership (General)
- ⇒ Professional institutions (Specific)
- ⇒ Group membership (General/Specific)

Collaborations

Vook Voice International partners with a wide range of experts, organizations, and institutions to create, package, and share impactful knowledge. These collaborations include:

- **Corporate Partnerships:** Working with organizations to deliver leadership development, professional training, and knowledge-sharing initiatives.
 - **Churches and Faith-Based Institutions:** Partnering to promote spiritual growth, leadership development, and practical life skills within faith communities.
 - **Academic Institutions:** Partnering with universities and colleges for research, workshops, seminars, and capacity-building programs.
 - **Industry Experts:** Engaging professionals and practitioners to share insights through webinars, talks, masterclasses, and conferences.
 - **Publishers and Media Houses:** Collaborating to produce and distribute books, vooks (video books), podcasts, magazines, and other multimedia content.
 - **Nonprofit and Community Organizations:** Supporting community development through educational resources, skills training, and empowerment programs.
- These collaborations ensure that knowledge shared through **Vook Voice International** is accessible, relevant, and impactful to diverse audiences across different sectors.

The heart of the prudent acquires knowledge, And the ear of the wise seeks knowledge. Proverbs 18:15

Programs

Shepherd's Table Program

Equipping leaders for ministry and impact

This is a leadership and discipleship initiative that connects, equips, and strengthens spiritual leaders. Through training in leadership, human interaction, and essential life skills, participants are prepared for effective ministry. The program also fosters net-working and collaboration among ministers of the gospel.

Women of Da'at (Knowledge) Program

Empowering Women Through Knowledge

This program aims to empower women through knowledge, equipping them to become confident, discerning, and purpose-driven leaders in their families, communities, and spheres of influence.

Young & Resilient Program

Empowering youth to thrive through change and rise beyond limits.

This program equips young people with self-leadership, resilience, and essential life skills. Through guided learning and practical experiences, participants build the confidence, adaptability, and creativity needed to navigate challenges, embrace change, and unlock their full potential in an ever-evolving world.

Vook Talks Program

Where knowledge ignites minds, fuels critical thinking, and inspires purpose

The Vook Talks Program is dedicated to sharing knowledge that benefits humanity across all spheres of life, empowering individuals to think critically, innovate, follow divine principles, and make a positive impact in their communities, careers, and personal growth.

Vook Voice Institute of Professionals (VVIP)

Where Professionals Learn, Connect, and Excel

This Institute is designed to deliver tailored, specialized knowledge that equips professionals to excel in their fields. It also serves as a platform where like-minded professionals connect, share experiences, and learn from one another, fostering growth, collaboration, and excellence in every area of service.

Vook Research and Publishing Program (VRPP)

Advancing knowledge through research, writing, and publication

This program equips individuals with practical skills in research, academic writing, and publishing. Through structured training, mentorship, and access to resources, partici-
